

The Stock Markets are in a bull phase and has already achieved new highs. In our constant endeavour to provide robust and technologically advanced Trading Platforms to our clients, we are providing a new Trading platform "RAPID".

RAPID is available in all forms including Android & IOS Apps.

RAPID is equipped with an advanced charting software and all in one dashboard. Its clients' version is seamlessly integrated with our Back office. It provides highly flexible solutions to users while maintaining optimum security.

RAPID is already live and can be accessed at <https://rapidtrades.in> . It is also available in Google Play store and Apple App Store (search for 'Rapid MT') or can be downloaded using the following links. Existing clients may click the forgot password link and follow the instructions for enabling their login.

Operating System	Link
Android App	https://bit.ly/3o4Vgbq
IOS App	http://apple.co/3r0b2Gi
Client Exe	https://bit.ly/2MupreU

It may be noted that in the new software, the client's intraday positions will automatically be squared off by 3.20 pm unless delivery positions are converted to "CNC" – (Cost and Carry) positions before the deadline. For more clarification, you may please contact Surveillance Department (Shibu/Biju -9387440167; 0471 – 4093317; Manzoor – 9947131132 ; Email id - rm@capstocks.com)

It may also be noted that after 2nd February M-trade (Mobile) & ODIN diet (exe/web) will not be functioning, ie, existing M-trade and ODIN Diet are

available only for two more days. Please take note that only the new RAPID will be available from 3rd February 2021 onwards.

Demo of RAPID Mobile version – https://youtu.be/E-GHO_3ikh8
